# AGS governance retainers

Proposal guide · 22 October 2026

Additional packages, separate from APIP, SCADA for AI and Academy purchases. These are proposal prices, not activated subscriptions. Availability, deliverables and capacity require written agreement before payment.

## Governance Starter

**£750/month — includes UK VAT at 20%**

SME technology teams and regulated start-ups

Proposal for strategy-assistant access and ITIL / COBIT evidence-review workflows.

## Enterprise Operations

**£2,500/month — includes UK VAT at 20%**

Industrial and critical-infrastructure teams

Proposal for HELIX operations support and telephone integration, subject to agreed service hours and capacity.

## Sovereign Industrial

**£6,500/month — includes UK VAT at 20%**

Public-sector and complex industrial teams

Proposal for dedicated workers and an on-premises gateway, subject to feasibility and security review.

## Before any charge

Agree accountable ownership, included live-avatar minutes, concurrency, service hours, support, deployment, data requirements, exclusions and consent for any extra charges. A second authorised AGS person must approve the commercial scope. No unlimited use, automatic top-ups, audit certification, guaranteed 24/7 service or dedicated infrastructure is implied. Existing access and subscriptions remain unchanged.
